

# A Universe of Skills

## National Skills Week 2022

August 22-  
August 28  
2022

### Hold an event during National Skills Week to showcase career pathways through VET

In 2022 National Skills Week is aiming to reach over 15,000 people with our schools' initiative, **#BestJobsEver**.

Join this initiative by bringing in industry experts to talk about career experiences, pathways and all things skills. These talks could be live, virtual, or even podcasts!

You could hold your talk in conjunction with other activities such as try a trade, open days, career development programs.

*Having trouble finding a speaker?* We can help you get connected!
